

## Senior Citizens Present Benches

Ed Hines, President of the Senior Citizens Club of Drayton Valley, officially presents Mayor Lloyd MacLean (back left) four benches made by the Senior Citizens for the town's use. Seated in front are Mr. Garth Schoen, member; Mr. Chris Reich, Director; and Mr. L. Miller, member of the Senior Citizens. Under Mr. Reich's supervision, members of the Club spent three afternoons making the benches, with Adolf Wasser of Buck Creek doing the printing. The Senior Citizens donated the benches to the town to show their appreciation of the town's efforts in putting the building of a Senior Citizens Home through.

## Archaeologists Continue Studies Near Tomahawk

They spend their summers digging in the dirt, eating the dust, and sweating in the sun in hopes of piecing together the story of Alberta's Indians.

They are archaeologists Tim and Genny Losey, and they have been digging in the Tomahawk area since 1969.

Sponsored by the Human History Division of the Alberta Provincial Museum and Archives, the two began their PhD studies with an archaeological survey of the Low Water Lake area six miles east of Tomahawk. Finding 14 possible sites, they chose the Cormie Ranch as their first site. They completed and reported their findings in 1970.

In their two summers of work on that site with six archaeology students, they discovered three living floors, or occupational levels.

The two bottom layers revealed cultural remains of buffalo hunters, dating back to 2500 B.C. and 600 A.D. No buffalo remains were found in the upper level, but remains of moose, elk, beaver, muskrat, and large and

small birds lead the Loseys to believe the area may have been occupied by game hunters for a period of time.

Two unusual artifacts unearthed in the upper level were an awl made of bird bone and a stone drill.

Small cooking pits, eight to 10 inches deep and filled with bones indicate that perhaps a few families of prehistoric Indians lived in the area for a few days, cooking animals.

The second site, on what was an island in the Low Water Lake and is presently occupied by ranch families, was worked on this summer by the Loseys and six volunteer students. Because of lack of financial support, the crew had to stop work after only eight weeks.

Presently, they are awaiting a Carbon 14 date on the site to determine the age. Most of the artifacts, remains of meals, projectile points, stone flakes used for butchering, one or two stone knives, will be taken to the university lab and worked on at the Losey cabin.

"We hope to determine

the season that the site was occupied and the number of people on the area," said Mr. Losey.

Such information could be found in analysis of the remains of seeds or plant life which would indicate the time of year.

Depending on finances, the Loseys may return to the same site next summer. This site will be included in Mr. Losey's PhD thesis which he hopes to complete by spring of 1973.

In order to follow up their studies for perhaps another 10 years, the Loseys have established themselves permanently near Tomahawk. In that time, Mr. Losey hopes to have covered the area between Drayton Valley and Stony Plain in search for answers to the lives and habits of Indians through Alberta.

"The only way we can get at the real nature of prehistoric people of Alberta," said Mr. Losey, "is to study the area for several years." "Then we can get a general idea of what prehistoric Indians were like before our early explorers arrived," he said.

If they find what they hope to in this area within the next 10 years, they plan to move to the south side of the river to study ways of life there.

As Mr. Losey pointed out, their finds so far indicate a possibility of two different peoples having inhabited the area -- the buffalo hunters and the game hunters. Or, possibly a change of environment turned the people into game hunters in order to survive.

Genny and Tim both came to Canada in 1968 after completing undergraduate studies at Grand Valley State College in Michigan. As Mr. Losey pointed out, continuance of their project depends on financial assistance from the government and any groups who are interested.

# THE WESTERN REVIEW

DRAYTON VALLEY, ALBERTA -- AUGUST 2, 1972

## Players from Wide Area Attend Hockey School

About 90 boys from 8 to 18 years of age are attending the International Summer Hockey School at the Drayton Valley Civic Arena this week.

According to instructors, they're "an enthusiastic bunch of boys", all having registered Saturday and continuing until this Friday.

Instructors put in a full day teaching the three groups, Mites, PeeWees, and Bantams the fundamentals of hockey in Drayton Valley and Enoch.

Students attending from as far away as Mayerthorpe and Edmonton have been billeted out for the week, while some drive in every morning from such areas as Buck Lake, Alder Flats and Evansburg.

The classes begin at 9 a.m., with three hours of on-ice instruction each day, two of which are skill development and one of instructional game. Emphasis is placed on all phases of skating, and individual skills such as shooting, giving and receiving passes, stick handling, puck control, blocking shots, goal-tending, and face-offs. Positional and team play is emphasized through films and on-ice instruction.

Certificates will be issued to students successfully completing the sessions, and two tournaments will end the session. Enoch players will meet Drayton Valley teams here and in Enoch Thursday, and intra-mural games will be played all day Friday.

Director of the school, Doug Messier, is a nine-year pro for the Portland Buckaroos, and has been director of a successful hockey school for seven years. This is the first year the International Summer School has been brought to Drayton Valley, although other summer schools have been operated here previously.

Head instructor Jim Seut-

ter, a member of the U of A national champs in 1968-69 and instructor at Clare Drake's U of A hockey school, is assisted by Bill Clarke, an ex-Brown University star and ex-U of A Golden Bear; Dave McGechie, goal tender and student at U of A; Dick Dunnigan, ex-University of Michigan Wolverine; Billy Moores, ex-Edmonton Oil King star for five years and now a member of the U of A hockey team; John Fischer, current star of Fort Worth Red Wings of the Central Hockey League; Tom Stashniak, member of Ron-oake Valley Hockey team, and four other professionals including Ross Perkins, and Gary Breden. Sam Belcourt and Milt Hohol are also instructing.

Director Doug Messier hopes the school gives the boys a better opportunity to become more complete hockey players. As Ross

Perkins said, the school helps boys advance their hockey knowledge, as well as teaches them discipline.

For hockey players finishing their week's instruction and wishing to advance further, a second week is being offered.

## Power Failure

In Drayton Valley's third storm in four days July 27, residents experienced power failure for 1 1/2 hours.

Calgary Power reported the cause as being lightning striking a lightning arrester in the town's main sub in Drayton Valley. Power was off from 7:40 to 9:20 p.m.

Again on July 31, lightning struck a regulator in the town's main sub, causing power failure in the entire area from 9:00 to 10:06 p.m.

Hockey players get three hours of on-ice instruction, including warm-up exercises.

International Summer Hockey School students stretch their muscles as instructors show them fundamental exercises in shaping up for hockey outside the Civic Arena.

## Changes Planned At Hudson Bay

As of July 15, the grocery department of Drayton Valley's Hudson's Bay Co. ceased to exist.

According to Manager Raymond Brosseau, Hudson's Bay found it more convenient to close the grocery in order to expand the dry goods department.

He felt that the store would then be able to cater to the customers better, giving them wider selection and better presentation.

"With more and more merchandise coming in," he said, "we just didn't have enough room in the dry goods section."

The local Hudson's Bay is now entirely dry goods, with the separate departments such as ladies' and men's wear, and furniture being enlarged.

Mr. Brosseau has been transferred to Rocky Mountain House, and will be replaced by Don Vallin in late August.

The Drayton Valley Bantams won one game and lost one to Stony Plain last weekend in the second round of Northern Zone play-offs.

## Bantams Split Weekend Games

The M & R Trucking Bantams lost the opening game against Stony Plain July 30 in the second round of Northern Zone Bantam baseball championships. Stony Plain outscored the Truckers 6 - 3.

In the second game which was an exhibition game, the Truckers settled down and defeated Stony Plain 7 - 6. The series resumes in Stony Plain next weekend.

## Gainford News

Jay and Damon Hebert have had a wonderful two-week holiday swimming, fishing and horseback riding with relatives at Hythe, Alberta. As a grand finale, they were flown home by their uncle, Mr. Larry Moody of Pouce Coupe, B.C. Mr. Moody landed his small plane on the access road east of Gainford.

Andrea Hebert has had Shari Schmidt of Edmonton as her guest for the last two weeks. Mr. Lou Hebert and Bradley of Calgary are also spending their vacation in Gainford. With so many helping hands, there is much construction underway at the Heberts.

Mr. and Mrs. Russell Hemminger (nee Hebert) and Kim and Steven of Calgary are spending their summer holidays at the lake before leaving for a four-year posting at Lohr, Germany.

It is nice to see our new ball diamond being used, especially for the provincial playoffs. One game was played last Sunday between the bantams and a St. Albert team.

On Tuesday Mrs. Margaret McLean and Mrs. Beryl Quigg, with Mrs. McLean's mother, Mrs. R. Wetzstein of Mandan, North Dakota and Mrs. Anna Klavansky of Gainford had a very enjoyable outing to the Moberly Golf Course near Buck Creek.

Marcy Millar is enjoying a holiday at Rosshaven Camp this week.

Luncheon guests with Mrs. Klavansky were Mrs. Reich of Drayton Valley and her daughter, Evelyn Lukenuiek of Tomahawk.

Hammer of Coburn Coburnettes.

Short story winner was Audrey Milner of Lone Pine Orioles, with Heather Watt of Samis Sunbeams and Karen Milne of Lone Pine Orioles as runners-up.

Shirley Nickel of Samis Sunbeams took the poetry trophy, while Lorraine Monagle of Loyalist Lassies, Cindy Hammer of Coburn Coburnettes, and Trudy Plazier of Judah Sweet Peas were runners-up.

Coburn Coburnettes took the Sports trophy.

Winner of the Secretarial Scholarship, and acting secretary for the convention was Kathleen Pickard of the Coburn Coburnettes. Runners-up were Karen Larmer of Sangudo, Wendy Heppler of Warner, Dawn Boblin of Cosmo, Heather Pitman of Nightingale Country Pals, Margaret Reid of Melody, and Beverly Bamber of Esther Orchids.

Coburn took the Proficiency cup with 91 points, Lone Pine second with 85, Merry Roweenas third with 83, and Sangudo and Cosmo fourth with 81.

The only retiring executive for 1972 will be Gail Bigger of District 4 and Janice Lare of District 5B.

Girls receiving a trip through the exchange fund will be Joanne Van Tetering, Loretta Prosser, and Donna Jones.

Attending from this area were girls from the Drayton Valley Hummingbirds, Avalie Peck, Kathy Bowen, Christine Mezzo and acting supervisor, Mrs. Remona Rasmussen.

## Girls Convention Held at Olds

This year's annual W.I. Girls' Club convention was held on the campus of Olds College July 3-6. The theme was "To accomplish the difficult takes time; to accomplish the impossible takes longer."

Twenty-two clubs were represented at this 54th convention and 88 girls with 23 supervisors and assistants were on hand to take part in the competitions and instruction.

Mrs. Margaret Harropp, A.W.I. Girls' Club Provincial Supervisor and her assistant, Mrs. Ann Wood, both of Peace River were in charge.

Miss Trudy Plazier, A.W.I. Girls' Club President, was assisted by Vice-President, Cindy Hammer. Taking on some of the responsibilities were Directors from district 1 to 5B, Linda Wood of Peace River, Myra Watson of Sangudo, Wendy Trenery of Millet, Gail Biggers of Warner, Sharon Rogers of Sundre, and Sharon Lare of Bancroft.

The girls attended classes in Crafts and Deportment, with instruction by Home Economist Miss Peterson, Miss J. Jacob, Miss Freco, and Mr. Oke. Mr. Godwin gave instruction in Horticulture.

A formal tea was one of the highlights along with a fashion show. Many girls took part, modeling clothes which they, or one of their club members, made this year.

Honors in Public Speaking went to Beverly Bergen, Juniors, Cosmo Centennials; Cathy Watson, Intermediate, Sangudo Green Jets; Audrey Milne, Senior, Lone Pine Orioles. Trophy winner was Cathy Watson of the Sangudo Green Jets.

The Millet Mermaids, the Merry Roweenas, and Coburn Coburnettes tied with 55 points for the first-place trophy in Handicrafts. Second went to Cosmo Centennials with 54 points, third to Judah Sweet Peas with 52 points, and place to Langdon Wild Roses with 52 points.

Overall winner and receiver of the Art trophy was Phoebe Nielson of the Coburn Coburnettes. Runners-up were Kathleen Packard of Coburn Coburnettes, Karen Jackson of Melody Maids, Rosealie Fisher of Bancroft Buttercups, and Cheryl

## Steady Progress Reported On Grand Trunk School

A recent inspection of the Grand Trunk High School, at Evansburg, revealed that the project has progressed to a point where the roofing operations are now completed. The metal flashing is scheduled to be installed during the week of July 16. The exterior stucco work is completed with the exception of the foundation walls which will be completed after rough grading operations are completed. The washing down and cleaning of the exterior and interior clay units is now in progress and the waterproofing will follow.

The general contractor is now preparing to complete the exterior concrete work and final grading.

The pouring of the inter-

ior floor slabs is now complete with exception of the gymnasium and mechanical room. The suspended ceiling grid has been installed in the science, business education, and northwest classroom area. The steel stud contractor is now installing steel studs and vinyl coated drywall in the areas where the ceiling grid has been installed.

The installation of the incinerator is expected to be completed during the week of July 16, 1972.

The electrical contractor has excavated and installed the main electrical line servicing the new school and is keeping with the pace of the project.

The mechanical contractor is completing the installation of mechanical equipment and the roughing in of plumbing and heating lines.

The general contractor is completing the rough framing for the stage and folding door in the ancillary classroom.

The project would appear to be progressing at steady pace.

## R.C.M.P. Seek Assistance

RCMP are requesting the assistance of the public in locating Paul Schroeder, reported missing from Sunset Point since 6:00 p.m. July 6, 1972.

Schroeder is German and speaks no English. He was last seen wearing an orange shirt, brown suit zipper jacket, greenish/gray pants, and thick gold black rimmed glasses. He is described as 5'8" tall, weighing 160 pounds, and grey-haired.

He walks in a hunched-over manner and has a slight habit of accepting rides from strangers although he cannot speak English.

Please contact your nearest RCMP detachment if you have any knowledge of the whereabouts of this man.

# Summary Regular Meeting Of Parkland Council

The regular meeting of Council of the County of Parkland No. 31, held in the County office at Stony Plain on Thursday, July 20 was called to order at 10:10 a.m.

Present were Reeve Les Miller, Deputy-Reeve Ivan Vowk, Councillors Robert A. Bailey, Peter Bakker, Jacob Fuhr, George Mann and Maurice McCullagh.

The minutes of the last regular meeting held on July 6 were corrected as to the resolution pertaining to the "Lake Eden Road" to read: It was agreed that the recommendations contained in the letter submitted by Steel Brothers Canada Ltd. be received for information and relayed to future developers or purchasers of land along Lake Eden Road. The minutes were accepted as corrected.

A by-law providing for the closing of the road allowance between the NE 19 & NW 20-53-26-4 for the purpose of leasing received first, second, and by unanimous consent of the Councillors present, a third reading and finally passed.

## PROPOSED ACCESS ROAD

Written report of inspection of the SW 18-54-6-5 and section 13-54-7-5 by the Public Works Committee on July 11 was presented to Council. The Committee recommended that an alignment survey be carried out this year and the right-of-way cleared early in 1973. It was also recommended that the road be constructed in 1973, providing funds are available, in order that a park area can be developed on the County property in the near future. An estimation of the cost to be done when the survey is completed. Report and recommendations accepted on motion.

Written report of inspection of the NE 1-52-7-5 for an access road for Mr. E.A. Benjamin of Entwistle made by the Public Works Committee on July 11 was presented to Council. The Committee recommended that the Public Works Manager contact Mr. Benjamin and request that he donate the required road right-of-way along the section line. If he is agreeable, further consideration will be given to the matter of constructing a minimum standard access road. Report and recommendation accepted.

Written report of inspection in the SE 8-53-1-5 for construction of road diversion, made by the Public Works Committee July 11 was presented to Council. The Committee recommended that this new road diversion be constructed in 1972 provided that the developer of the subdivision submits proof that the property lying east of the new road diversion will be consolidated into one title. Estimated cost of construction is \$8,000. Report and recommendation accepted.

## FLOODING COMPLAINT

Written report of inspection of SE 7-53-3-5 for Mr. Paul Gray of Duffield made by the Public Works Committee on July 11 was presented to Council. The Committee recommended that no action be taken in this case as it appears that the water in question is lying in a natural pond. Report and recommendation accepted.

The matter of proposed construction of a road south

of sections 28-51-4-5 was referred to the Public Works Manager to prepare an estimate of the cost of construction on the old existing road south of sections 28 & 29-51-4-5.

Mr. Mike Feschuk, Maintenance Supervisor, prepared a written estimate of the cost of repairs and renovations to Parkland Regional Recreation office buildings, which was presented to Council. It was agreed that Councillor Mann be delegated to take this matter up further with Mr. Feschuk and authorize whatever repairs and renovations are deemed essential at the time.

Councillor Mann reported having investigated the complaint regarding water erosion in Sundance Meadows Subdivision by Mr. G.M. Cain of Edmonton in the company of Mr. Robert Pezzot, Area Foreman. It was agreed that this report be accepted and that no further action be taken until a further report is received from Mr. Pezzot.

Written report of inspection of road right-of-way in the S1/2 27-51-6-5 made by the Public Works Committee July 11 was presented to Council. The Committee recommended that an additional 33 foot road right-of-way be purchased on the north-south line in the S1/2 27-51-6-5 as the present road is on a 33 foot right-of-way and this is not an adequate width for snow removal. Report and recommendation accepted.

Written report of inspection of NE 6-52-5-5 for access road for W.B. McDonald of Surrey, B.C. made by the Public Works Committee July 11 was presented to Council. As it appears that the expense will be very high to construct a road on the road allowance, the Committee recommended that a survey be carried out to determine the feasibility of establishing an access road on the section line between the NW 6 & SW 7-52-5-5. Report and recommendation accepted.

A by-law providing for the closing of the road allowance between the NE 35 and NW 36-50-27-4 for the purpose of leasing received first and second reading.

The financial statement for the month of June, 1972 was accepted.

Letter dated July 12 from Stefan Roland and Co. Ltd. was presented to Council, requesting approval of a proposed road system south of Highway 16 in the N 1/2 33-52-27-4. This proposed road is to provide access to the various parcels of land along Highway 16 in the event that all the existing accesses to Highway 16 are cut off in the future. It was agreed that Council approval to this proposal be given with the suggestion that the Town recommends retention of one access to Highway 16 from the service road.

The Municipal Inspector's report of the annual inspection made June 27 and 28 was presented to Council. The report was accepted.

It was resolved that a replot in the Hamlet of Magnolia be proceeded with as previously discussed.

Letter dated July 9 from Mr. Henry Joneson of Tomahawk was presented to Council requesting construction of the road between the NW 5 & NE 6-51-5-5. This request was referred to Councillor McCullagh for

inspection and recommendation.

Letter dated July 11 from the Mayor of the Town of Spruce Grove was presented to Council requesting comments on the ideas and views previously expressed as well as any guidance and/or participation towards major recreational facility development in the Town. It was agreed that the Mayor be advised that his letter was received and dealt with and that he will be advised a decision by Council concerning participation in the program, at a future date.

A by-law providing for the leasing of the SW 4-54-1-5 to Mr. Herbert Kloeck of Onoway for the year 1972 for the rental fee of \$60.72 received first, second, and by unanimous consent of the Councillors present a third reading and finally passed.

All County insurance expires December 31, 1972 and it was agreed that insurance requirements be tendered to obtain coverage for a three-year period.

The meeting adjourned for lunch at 12:00 noon and re-

convened at 1:00 p.m.

**PUBLIC WORKS**  
Mr. A.K. Craig, Public Works Manager, attended the meeting to discuss with Council the current public works program.

Tenders for one crawler tractor, as advertised, were received from the following: Vulcan Machinery and Equipment Ltd., International TD15; R. Angus Alberta Ltd., Caterpillar D6C; Costello Equipment Co. Ltd., Allis Chalmers HD11; Caneco Equipment Ltd., Komatsu D65A6.

These tenders were referred to the Purchasing Committee for screening and recommendation to Council.

The Police Department report for the month of June was accepted.

A delegation of three members of the Drayton Valley Airport Management Board and Mr. Wayne Gordon from the Edmonton Regional Planning Commission were present at the meeting in connection with a previous written request for a special development plan for the airport site and adjacent areas. It was agreed that Councillors Miller and Vowk be appointed to a Committee to develop an outline plan for further consideration by Council.

Letter dated June 29 from Northwest Brick and Tile was presented to Council complaining about the condi-

tion of the road on the east side of the NE 21-53-25-4. This matter was referred to the Public Works Department.

Requisition for membership fees for the amount of \$1,530 to the Alberta Association of Municipal Districts and Counties for 1972 was accepted.

Letter dated July 6, 1972 to Reeve Miller from the Honorable D.J. Russell, Minister of Municipal Affairs was presented to Council expressing his opinion of the manner in which a recent petition to split the County will be handled. This letter was received for information.

A verbal request was received from Calgary Power Ltd. to lease the old County Repair Shop for the purpose of storing trucks and

equipment. It was agreed that this request be not considered as the shop is required to store County equipment.

The following staff appointments were approved: Mrs. Mary Reeve, typist; and Mrs. Claire Jesse, switchboard operator.

**POWER SERVICE**

**INSTALLATION PLANS**

Plans providing for power service installations were approved as follows: Plan to provide power service to E. Hemingson on Lot 9, Rolling Hills Subdivision in the NW 6-54-27-4. Plan to provide power service to a Canada Cities Service oilwell on L.S.D. 6-6-50-8-5. Plan to provide power service to a Canada Cities Service oilwell on L.S.D. 16-10-50-8-5.

## Residential Districts Continue Improvement

July and August are the months for visitors and tourists, and it usually becomes the responsibility of a host or friend to show visitors your town and the surroundings.

This year in particular the trees and shrubs are at their best and it is with a degree of pride that one can drive through the residential areas.

Elsewhere in this issue we show views of some of the homes that came to our attention.

A tip of the hat is in order to residents who have done so much to beautify their home and district.

In the next issue of the Review we intend to carry a full page of some of the more attractive homes and yards, featuring wherever possible lawns, trees and flowers.

"Beautiful homes contest" may be a project worth considering; or running one in conjunction with the annual flower show.

## Special Appeal for Blood Donors During Summer

Blood collections during the summer months are difficult because many people are away on holidays, and a special effort must be made by the Red Cross Blood Transfusion Service to appeal to donors to maintain stocks of life-saving blood.

People who give blood don't live in an isolated world. They don't believe in pretending that people in need don't exist. They're part of a growing community which believes in action, and has decided to do something to help.

This summer the Canadian Red Cross Blood Transfusion Service will ask you to give blood. What will you do? Whether you theorize about the need for blood or whether you actually give is strictly up to you because blood and life are gifts that can only be freely given. But if you see that blood is life for people in need and if you see that some day people you love may need blood, you'll probably understand. Hopefully, you'll do something to help.

What makes someone give blood? The answer to that question varies with the individual. The important thing is that people give generously. People who give blood believe in life, and pass it on. What about you?

Telecommunications in lucrative microwave operations would eventually mean higher rates for Alberta Government Telephone subscribers.

AGT uses the high-profit areas of its business to sub-

sidize uneconomic, but necessary, systems in rural Alberta. Mr. Werry accused CN-CP Telecommunications of "cream-skinning" the high profit areas--leaving the government-run system to provide the uneconomic services.

Forests of the Future?

Lorraine Berkley

## Any Excuse Better than...?

Jeff Woolley, Director of International Motorists Co-operative Association in charge of the defensive driving program, has his lighter moments. Here are some odd quotes from insurance claims showing the ingenuity of drivers seeking to assert, or justify, their innocence (or attempting to conceal or excuse their errors).

1. I consider neither vehicle was to blame - but if

either were to blame, it was the other one.

2. I knocked over a man. He admitted it was his fault as he had been run over before.

3. One wheel went into the ditch. My feet jumped from brake to accelerator pedal. I leaped across to the other side, and jammed into the trunk of a tree.

4. I collided with a stationary bus coming the other way.

5. To avoid a collision I ran into the other car.

6. Car had to turn sharper than was necessary, owing to an invisible truck.

7. I collided with a stationary tree.

8. The other man altered his mind - so I had to run over him.

9. I told the other idiot what he was, and went on.

10. I can give no details of the accident, as I was somewhat concussed at the time.

11. A pedestrian hit me and went under my car.

12. I blew my horn - but it would not work, as it was stolen.

13. I unfortunately ran over a pedestrian, and the old gentleman was taken to the hospital much regretting the circumstances.

14. I thought the side window was down, but it was up, as I found when I put my head through it.

15. Cow wandered into my car. Found out it was half-witted.

16. A bull was standing near, and a fly must have tickled him as he gored my car.

17. A truck backed through my windshield into my wife's face.

18. She suddenly saw me - lost her head - and we met.

19. I ran into a store window, and sustained injuries to my wife.

20. I misjudged a lady crossing the street.

21. Coming home I drove into the wrong house and collided with a tree I don't have.

22. I left my car unattended for a minute, when, by accident, or design, it ran away.

23. The other car collided with mine without giving warning of its intentions.

## LEGISLATIVE REPORT

By  
KEVIN PETERSON

The provincial government has opened up yet another battle front with Ottawa, this time over control of communications policy in Canada.

Telephones and Utilities Minister Len Werry said in a Calgary interview this week that the Lougheed government has now received a draft of its provincial communications policy. He left little doubt that the federal administration will not be happy with its arguments.

The most immediate and catchy aspect of the new policy concerns cable television, although in the long run it will pale beside other considerations.

The Alberta statement adds the province to Quebec in the lists of provinces who want Ottawa to give up its control over the cablevision systems and turn them over to the provincial administration in the area they serve.

Mr. Werry said the province does not challenge Ottawa's right to control normal radio and television broadcasting which have waves crossing provincial boundaries.

"Cablevision has no spill-over and can be controlled within the province," he said. "An analogy can be made with road systems that are inside the province and under provincial control."

Manitoba and Saskatchewan at the recent Prairie Economic Council meeting supported Alberta's position. The two provinces run by NDP governments want to set up publicly-owned cablevisions systems, instead of private operations as in Alberta, but Mr. Werry said the final ownership question does not mean the three cannot work together on the matter of control.

Ontario and other provinces are expected to join the line-up soon and the communications matter will be brought up at the August meeting of first ministers in Halifax.

Long-run issues which Mr. Werry predicted will become a major federal-provincial debating point after the federal election anticipated this fall include guarantee of a monopoly to provincial telephone systems for microwave communications and the country's future policy on communications satellites.

Mr. Werry reiterated statements that continued competition from CN-CP

## Weekly Livestock Report

SUMMARY: Weekly receipts lower partly on account of "Klondike Days" Exposition. Cattle sales were mostly heavier replacement classes of feeder steers. Trade moderately active on replacement classes to slow and lower on slaughter cattle. Butcher steers closed 50 lower. Choice and good heifers 50 lower for the week. All grades of cows 50 to 1.00 lower. Bulls generally steady. Veal 2.00 to 3.00 lower. Butcher hogs 50 to 1.00 lower for the week.

## LETTERS TO THE EDITOR

Editor,  
The Western Review;  
It was certainly nice to see fans at the Bantam games Sunday; however, they seem to come to the games with a negative attitude.

They continually berated the local players to the point where the boys were making mental errors they have never made during the season. The harassment was brought to a head when restraint of the boys was necessary to prevent them from challenging these "Boo-Birds".

The first game ended with some boys almost in tears because of the emotional stress and repeated intimidation of the team.

I know we as fans are sometimes not ourselves when we get to any sporting event, but let's leave the game to the boys. They enjoy playing, so let's give them a chance.

Orest Haydey (coach)  
Tom Hutton (President of D.V. Athletic Association.)

CLOSING QUOTATIONS  
SLAUGHTER CATTLE:  
Steers: Choice 34 - 34.50, good 33 - 34, medium 30 - 31.50. Heifers: Choice 31 - 31.50, good 30 - 31, medium 29 - 30. Cows: Good 24 - 24.50, odd sale higher, medium 23 - 24, canners and cutters 19 - 22.50, shells 15 - 18. Bulls: Good 27 - 29, fat and boner and light bulls 24 - 27.

REPLACEMENT CATTLE & CALVES: Good feeder steers (575 - 750 lbs) 40 - 46, (750 lbs. & up) 35 - 40, common to medium 32 - 39. Good feeder heifers (575 lbs. & up) 32 - 38, common to medium 27 - 33. Stock cows 21 - 29. Good stock steer calves (300 - 400 lbs.) 48 - 56, sales to 60, (400 - 550 lbs) 45 - 50, common to medium 38 - 45. Good stock heifer calves (300 - 550 lbs.) 38 - 46, common to medium 30 - 38.

KILLING CALVES: Good to choice veal (300 lbs & under) 52 - 58. Good to choice butcher calves (300 to 450 lbs.) 40 - 50, (450 lbs. & up) 33 - 40.

HOGS: Edmonton Stockyard (E.S.Y.) butcher hogs sold 50 to 1.00 lower this week ranging from 33.70 to 33.95 base price. Sows 24.35 to 24.45 dr.wt. Boars sold 2.00 to 14.00 per cwt., depending on weight and quality. 600 feeder hogs sold Tues. and Thurs. afternoon ranging from 33.00 per cwt. for 100 lb. feeders down to 25.00 per cwt. for 150 lb. feeders. Weaners and light feeders sold by the head at prices according to weight. 25 to 30 lb. weaners 17.25 each to 24.75 each, up to 33.50 each for 90 lb. feeders.

SHEEP & LAMBS: Butcher lambs were hard to move at prices 1.00 to 2.00 lower, topping 26.50 per cwt. for good to choice kinds.

## PARKLAND NOTEBOOK

For those of you who could not make it to either of our first two Wilderness Camps, you still have time to register for the final camp which runs from August 7 to 11. There are still some openings left in our last Canoe Trip through Chickakoo Lakes, note that a typhoid shot is not required for this trip. If you have any further questions or ideas about our camps now or in the future, please call the Camp Coordinator, Richard Vinson, at the Parkland Regional Recreation Office at 777-2211.

An assortment of flowers and a blanket of lawn

Antiques in a beautiful setting

George Bohm residence on 50 St.

## Whitby News

Paul, Elsie and Marvin Dusterhoft took a few days off in July and went to Kelowna for cherries. Gus and Hilda Dusterhoft went with them.

Hugh and Lucille Scott from Calgary were visiting Earl and Irene Siebels for a few days. They took Judy and Kenny after spending two weeks with Grandma and Grandpa, and brought a friend of Judy's, Tracy Kan-ski.

Visiting Joe and Carol Kelly for a few days were Orval and Violet Davidson and Art and Doris Kelly.

Sunday visitors at Herman and Wanda Dusterhoft's were

Dr. and Mrs. Cameron and family of Edmonton and also Mrs. Julia Schultz.

Rudolph and Rosie Dusterhoft went to Stony Plain last Sunday to visit Rosie's father, Mr. Schwindt, in Stony Plain Hospital.

Don't forget the bingo at Whitby Hall August 10th.

Visitors at the Marvin Sullivan home the past week were Mr. and Mrs. John Burke of Lusk, Wisconsin and Mrs. Bill Milles and Kevin of Eaton, Colorado. These folks are Lorraine's parents and a sister.

T. Sullivan and Robin Kelly took swimming lessons the last two weeks.

## Beef Club Holds Achievement Day

On July 4th, the Drayton Valley Beef Club held their Achievement Day. The Lobstick, Tomahawk and Moon Lake Clubs also participated.

Becky Guyon had the champion and Beverly Guyon held Reserve Champion and showmanship. Roxanne Guyon placed second in showmanship.

Beverly, Bart, Roxanne and Becky Guyon took the Best Group of Four for all the clubs.

This month, Beverly Guyon went on an exchange trip to California. Bartie Guyon went to Olds for a week and then on to N.A.I.T. for a week.

The club would like to thank the buyers and trophy donors for helping make the day a success, and thanks to Wendy Sekura for the use of his auction market.

## Park Court News

Mr. and Mrs. Andy Paulduro and family and Mrs. John Paulduro spent a long weekend in Calgary visiting relatives.

Quite a few children from the Parkcourt district are attending Vacation Bible School in Entwistle.

Get well wishes go to Mrs. Rae Weist who is a patient in the General Hospital in Edmonton.

For a ten day period, four families in the Parkcourt area were hosts to two visiting students from Ontario. Lee Hamilton of Belleville was the guest of Mr. and Mrs. Kurt Fausak and Mr. and Mrs. Steve Slemko and Debbie Magee of Maxwell was the guest of Mr. and Mrs. Stanley Greenwood and Mr. and Mrs. Fred Fausak. The easterners saw and appreciated the "bigness" of western farms and also their hospitality.

# Evansburg News

The first annual meeting of the Pembina Agriculture and Recreation Society will be held August 16 at 8:00 p.m. in the Evansburg Legion Hall. Any persons wishing to join should see the secretary at 7:00 p.m. Everyone welcome.

Friends and neighbors gathered at the Emil Langer home to celebrate their silver wedding anniversary recently.

A bridal shower was held in the Legion Hall in honor

of Pat Law, who will be marrying Henry Kuster, Jr. August 12.

Correction to last week's news--Charlie Taylor was in Misericordia Hospital, not in University Hospital.

In the Fastball tournament July 15 and 16, the Sangudo team did not play, but the Calahoo team did.

Omitted from PV Daze news was the pit barbeque which topped off activities. This was served by the Kinsmen and Kinnettes. Hats off

to the three young men who kept the fire going in the pit all night.

Mr. A. Grapentine flew to Meriden, Connecticut to attend the wedding of his granddaughter, Lois R. Shetelworth, to J.A. Greenbaker July 15.

Constable and Mrs. Doug Hadley and family of Prince Rupert, B.C. are visitors at the Roy Hadley's. Doug had to return to his duties, but Judy and children remained for a few weeks.

# ATTENTION SENIOR CITIZENS SHELTER ASSISTANCE PROGRAM

IF YOU ARE AGE 65 OR OVER AND RESIDE IN ALBERTA IN 1972, YOU MAY BE ELIGIBLE TO CLAIM ONE OF THE FOLLOWING:

## • RENTER ASSISTANCE

### \$50 Assistance (Renter)

A flat grant of \$50 for the year if the applicant rents living accommodation as a normal place of residence in a building that is subject to the imposition of taxes to meet the Provincial School Levy or leases a municipally-licensed mobile unit and occupies it as his normal place of residence.

### Applications

Applications must be made to any office of the Department of Municipal Affairs located as follows: Edmonton, Calgary, Hanna, Medicine Hat, Drumheller, Rocky Mountain House, Westlock, Edson, Lac La Biche, Evansburg, Valleyview, High Prairie, Spirit River, Peace River, High Level, Bonnyville, Lethbridge, Grande Prairie, Wainwright, and Red Deer. In addition, any Treasury Branch, Treasury Branch Agency, or local taxing authority can supply application forms but may not accept applications.

## • HOMEOWNER ASSISTANCE

If you have resided in your own home for more than 120 days and are otherwise eligible to receive a Homeowners Tax Discount:

### When a School Tax is Levied

either a) Tax Discount (Homeowner)  
Homeowners Tax Discount.

or b) Tax Abatement (Homeowner)  
The amount of the tax levied by your municipality to meet the Provincial School Foundation Program Requisition.

whichever is the greater

### When a License Fee is Imposed

Reduced License Fee (Mobile Unit Homeowner Licensee)

Either (a) or (b) as above whichever is the greater, to reduce the Mobile Unit License Fee.

### Applications

Ask your local taxing or licensing authority for information and application forms, if not already received.

- All applicants except Mobile Unit Homeowner Licensees must apply for their assistance by December 31, 1972. Mobile Unit Homeowner Licensees have until December 31, 1973 to make their application.
- Renter Assistance does NOT apply to residence in Senior Citizen Lodges or Nursing Homes exempt from School Tax Levies.
- For homeowners under age 65, entitlement to the regular Homeowners Tax Discount continues as before.

DEPARTMENT OF MUNICIPAL AFFAIRS  
GOVERNMENT OF ALBERTA

# Pembina-Lobstick Museum Preserves Past

by Lorraine Berkley

Four years ago, a small group of people formed a society in Evansburg and

Remember the good old days when you had to make your own butter?

began collecting historical pieces. The society? The Pembina - Lobstick Historical Society. Their purpose? To preserve the district's past.

Today, the society, now headed by Carl Bjornstad, has a membership of over 50, with a museum site located in Evansburg on an old right-of-way of the original Canadian Northern rail line.

Two buildings occupy the site, each showing the results of the society's collectors. When the museum opened in 1970 during the first Pembina Valley Daze, a 1931 Scout Hall had been moved and renovated to house the hundreds of antiques.

However, with so many items and pieces of machinery being donated and bought as the idea caught on, another structure had to be built in 1971. The society hopes to eventually build a shelter for the outdoor equipment to keep them preserved.

## FINANCES

Financing the project is a problem, according to Mrs. Hazel Fausak, present secretary and one of the instigators of the Society.

However, they have received assistance from the town and members through grants, and volunteer labor. The museum has cost over \$2,000 to set up, and the Society is now waiting for work on a Provincial grant application.

The museum, itself is open from 2:00 to 4:00 p.m. during the summer, costs nothing to see but time, and brings back memories to many who visit.

Since the site is off the main highway, it doesn't attract many tourists, said Mrs. Fausak. Most of the visitors are old-timers from the area or relations of those who donated or loaned items.

"Our main purpose is to preserve our history," said Mrs. Fausak, "not necessarily to bring in tourists."

Other members of the Society's executive include Audrey Langer, treasurer, and Mr. and Mrs. MacKenzie, Fred Croft, and Fred Fausak, directors.

## HISTORY

Many of the articles date back to the early 1900's, when the history of the district actually began.

The first coal shaft was sunk in 1909 by Northern Alberta Coal, bringing with it the first members of the community of Evansburg. According to records, over 200 people lived in the village during its booming years.

Meanwhile, only two miles away, Entwistle was already a thriving community, as it marked the end of the Grand Trunk rail line.

Depression hit the area in 1936; people could no longer afford coal, and the mine closed down. Evansburg became a near ghost town until about 1940, when Otto Wolf began a creamery operation. As a result, more businesses began to arrive, and the village now boasts a population of over 500.

According to a full-page spread in the Edmonton Bulletin of the early 1900's, the village of Entwistle was fast becoming a metropolis -- a town with promise for the future. Entwistle-ites are still waiting. Somewhere along the way, the promise died out, and Entwistle's population dwindled.

Evansburg's first school was erected in 1918, with a high school being built four years later. The high school is still in use, but will be torn down this fall when the new Grand Trunk High School opens.

The Pembina-Lobstick Historical Society museum is located 1/2-mile off Evansburg's Main road.

## ANTIQUES

The oldest items in the museum, two matching jugs used for hot toddy's, are estimated to be over 100 years old.

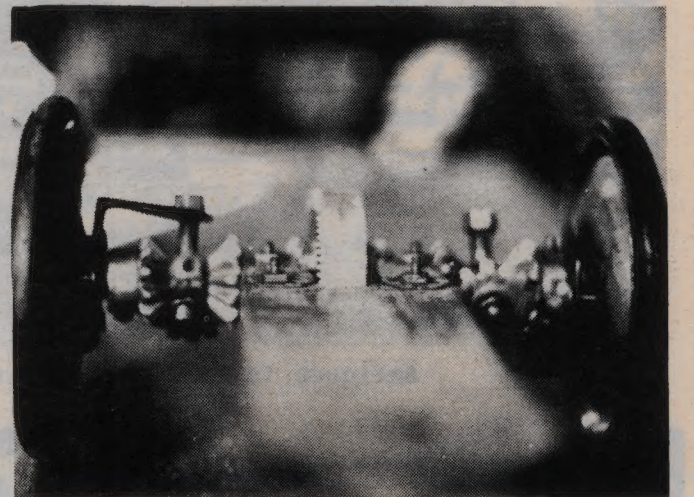

Inventions of two Evansburg men are on display at the museum. A non-spin rear end axle was invented by John Bjornstad, father of Carl, the present President of the Historical Society, and was finally patented in the late 1950's or early 60's. Mr. Bjornstad was in his 60's when he invented the device.

A set of skis and poles made by A. Zeppola won second prize in the 1906 Seattle Fair, and a professional ski harness was invented by him and patented. Many skiers in the area own skis made by Mr. Zeppola, who was a champion skier, himself.

A barber chair belonging to Ray Melvin shows the wear it received during Mr. Melvin's barbering years in Evansburg. He was given the chair as a gift from the Bentley hockey team, with which he played.

Other of the more interesting pieces include a seed-er-plow, made in Germany in 1919 and sold by the T. Eaton Company. Only about three such plows exist in Alberta, the one on display having been found in the backwoods near Entwistle. A 1920 International Harvester 1020 Titan tractor burned kerosene instead of gas and was the first Titan model made.

Inside the old Scout Hall one can find a 100-year old quilt; a beaver top hat worn in 1910 at Mr. Stephen's wedding; 1920 plumbing system, which includes matching basin, pitcher and chamber pot; an Edison cylinder recorder player donated by Eva Muntz, still in excellent working condition, and complete with 20 cylinders; charcoal irons, coal and wood stove with doors on three sides of the firebox and two sides of the oven for the lazy bachelor; 1917 knitting machine for making stockings; a flat-record "talking machine", said to be quite rare; an eye-measuring device used to measure one's focal length in ordering glasses from a catalogue; a Bulletin Extra of the day Social Credit came into power; blueprints of the coal mines and locations of coal deposits; a rheumatism machine (gets rid of the rheumatism by shocking it out of the person); a shoe shine machine; and an old lighting plant used before Calgary Power brought in power.

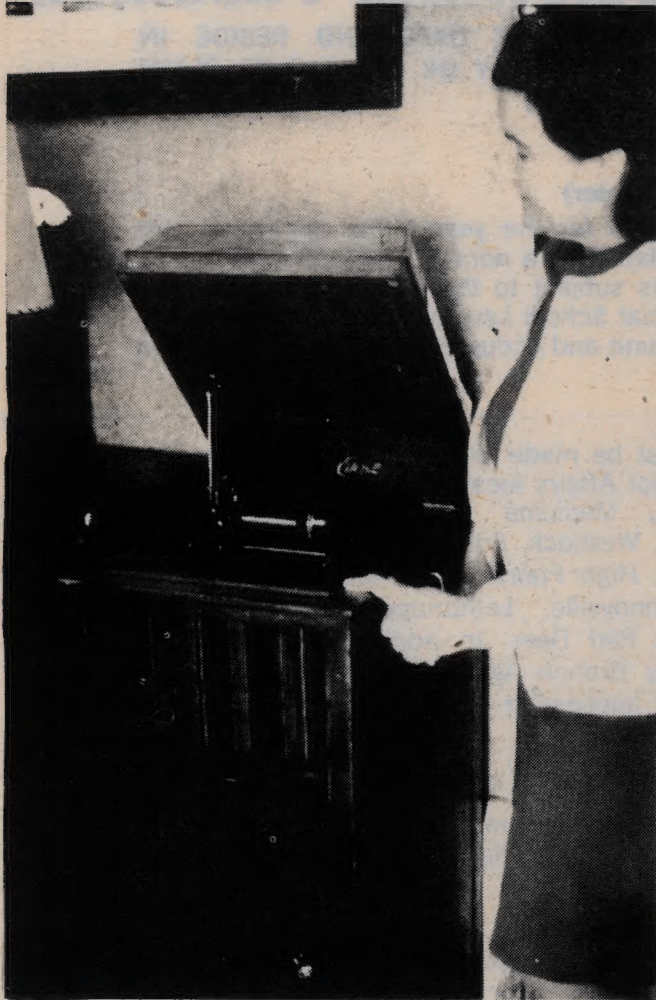

Non-skid rear end axle was invented and patented by an Evansburg inventor in his 60's.

Sample of the ornate stoves used in the early 1900's, with heavy kettles and charcoal irons of the period.

Rheumatism cure shocked your troubles away!

Mrs. Hazel Fausak, Secretary of the Society, cranks up the old Edison cylinder player

Mr. MacKenzie of Entwistle, one of the Directors of the Pembina-Lobstick Historical Society, demonstrates the 1920 tractor that used kerosene instead of gasoline.

Alder Flats Ladies Fastball Team took the League Tournament Championships for 1972, with Neil Clemmer coaching. Back row, left to right, Bernice Johnson, pitcher; Mickey Parker, third; Gladys Maciborsky, first base; Mary Dunn, second; Ethel Janke, right field; Barb Clemmer, center; Neil Clemmer, coach. Front row, left to right, Janice Melin, right field; Debbie Johnson, left; Louise Taylor, catcher; Linda Maciborsky, shortstop; Hannah Foster, right field.

# D.V. Highlights

BY MRS. EDITH DEBY

Mrs. Edith Dunington, of Summerland, B.C. was in town on the weekend to attend the Urchishyn-Vowk wedding. Mr. and Mrs. George Comeau had Mrs. Dunington as a house guest.

Mr. and Mrs. Van Dorp are back after a four week holiday in Europe. Dutch tells an amusing story about touring in Germany. According to him we don't know anything about highway speed. Dutch had rented a V.W. which he drove with verve. He says that at eighty miles an hour everybody was honking at him to get out of the way.

Mr. and Mrs. Thorne are moving this week to their farm southwest of town.

Mr. Henry Dunington is spending a few days in hospital recovering from a slight heart attack.

Very best good wishes go to Mr. and Mrs. Lenard Urchishyn, nee Miss Sherralea Vowk, who were married in Drayton Valley on Saturday.

Mrs. Bohdan Urchishyn looked up from her work late one night last week to find three Peeping Toms watching her. With great presence of mind, Mr. Urchishyn pretended not to notice, turned out the light, and called Mr. Urchishyn who gave chase. The peepers were caught and given to understand that gazing in other people's windows is not acceptable behaviour.

Mr. and Mrs. Laird's Coronation relatives are convinced that the couple have magic powers insofar as the weather is concerned. Coronation had been experiencing a drought of several weeks duration but no sooner had the Lairds arrived for a visit than the rain came in abundance.

Mrs. Clarence Dunington is in the University Hospital for what we all hope will be only a short stay.

Mr. Earl Thompson has suffered a heart attack. He is resting in the local hospital and for the present is not permitted company. Mrs. Thompson would like it known that she deeply appreciates the concern shown

by their many friends.

Life at the Tylers is even more hectic than usual this week. This is the week they move to their farm north of Rocky Rapids. On Sunday there was a family reunion to attend and on Saturday Mrs. Tyler worked with the Anglican W.A. who catered for a wedding.

# WHO'S NEW

- JULY 25 - Kennedy, James and Edith, Drayton Valley, girl, 3330 grams, 7 lbs. 5 oz.
  - JULY 25 - Hammond, James and Sherry, Drayton Valley, girl, 3710 grams, 8 lbs. 2 oz.
  - JULY 28 - Block, Ricardo and Verna, Drayton Valley, boy, 3810 grams, 8 lbs. 6 oz.
  - JULY 28 - Burke, Brian and Verna Marie, Drayton Valley, girl, 3550 grams, 7 lbs. 13 oz.
  - JULY 28 - Ashton, Howard and Eileen, Drayton Valley, girl, 3680 grams, 8 lbs. 1 oz.
- The winner of this week's baby spoon is Mrs. Verna Block with her son weighing 3810 grams or 8 lbs. 6 oz. She may pick up her spoon at:

# COUNTY COUNCIL

Cont. from Page 2

Plan to provide power service to H. Mik in the NW 8-52-27-4. Plan to provide power service to S. Erickson on the NW 23-49-7-5.

Letter dated July 13 from Mr. T. Daly of R.R. 1, Stony Plain was presented to Council requesting to lease the road allowance on the east side of the SE 19-51-2-5. It was agreed that this request be approved and the necessary action be taken to close the road allowance for the purpose of leasing.

Letter dated July 13 from the Chief of the Paul Band Council at Duffield was presented to Council requesting that the County oil about 3/10 of a mile on the Duffield Indian Reserve. This work would be paid for by the Indian Band. It was agreed that the County do the requested oiling.

Letter dated July 12 from Mr. Isidore Dansereau of Edmonton was submitted to Council requesting construction of the road on the east side of the SE 22-53-7-5 to provide access to the NE 22-53-7-5. The letter also requested cancellation of the road diversion in the NE 22-53-7-5. It was agreed that this request be referred to the Public Works Committee for inspection insofar as providing access to the north-east corner of the NE 22-53-7-5, from the east, is concerned.

Notice received that the next quarterly meeting of the Edmonton Union Municipal Districts and Counties will be held in Edmonton on Monday, July 31, 1972.

It was agreed that a resolution be presented at this meeting requesting that a complete agenda for these meetings be prepared and mailed to the municipalities in advance of the meeting.

Letter dated July 14 from Messrs. Shortreed, Shocter, et al, on behalf of Mr. C. Silver was presented to Council enquiring as to the disposition of the Park Reserve in the SW 12-51-26-4. It was agreed to reply that applications and enquiries concerning this park reserve

will be dealt with on their own merits and that no specific dedication of this park reserve be made at this time.

Application for recreational facility development grant for the amount of \$2,666.67 for the Brightbank Community Association was approved.

## LODGEPOLE CAMP WATER SUPPLY

Letter dated July 18 from the Edson Health Unit was presented to Council pointing out that Provincial Board of Health regulations require that a safe drinking water supply be made available at all campgrounds and that the County campground at

Lodgepole does not meet this requirement. It was agreed that arrangements be made to drill a well, fitted with a hand pump at the County campgrounds in Lodgepole.

It was agreed that the Secretary-Treasurer prepare a County street lighting policy for consideration by Council.

It was agreed that information be obtained as to the cost and feasibility of having a study made on the effects that subdivision of lands has on the County in general.

It was agreed that grass cutters be hired to cut excessive growths of grass on County park reserve lands, where necessary.

**OILFIELD SERVICE RIG PERSONNEL OVERSEAS EMPLOYMENT**

## Silver Sands Attracts Golfers

If you want to get in some practical swinging, try the Silver Sands Golf Course, three miles north and one mile west of the Fallis corner.

The four-year-old nine-hole golf course, owned and operated by Charlie Blais, covers some 50 acres of land on the southeast corner of Lake Isle.

It offers two three-par holes, one five-par, and five four-par holes, with the longest drive being 550 yards, and the shortest 175 yards.

It is now a 35-par course with new sand greens mixed with sawdust, making them comparable to grass greens.

Mr. Blais plans to develop

it into a 13-18 hole course within the next two years, and to expand the clubhouse facilities.

Although Silver Sands began as a tourist resort, it has now been incorporated into a village. The golf course, affiliated with the National Golf Foundation, Chicago, attracts golfers from such areas as Alberta Beach, Wabamun, Seba Beach, and Edmonton.

## SEKURA AUCTIONS MARKET REPORT

SEKURA AUCTIONS MARKET REPORT FOR WEDNESDAY JULY 26, 1972.

On offer there were 146 cattle and calves, 164 hogs, and 49 sheep.

Good stock steer calves 44 to 57 per 100. Good stock heifer calves not enough on offer to establish market. Good yearling steers 36 to 44 per 100. Good yearling heifers 33 to 37 per 100. Good cows with calves at foot 350 to 387.50 per set. Good butcher cows 23.00 to 25 top cows to 27.90 per 100. Baby calves 85 to 125 per head. Good weaner hogs 13.50 to 16.00 per head. Good feeder hogs 16.00 to 35 per head. Sows to 94 per head. Lambs 18 to 24 per head.

## NEWS NOTES FROM THE D.A.

Phone Stony Plain 777-2231, 8:30 a.m. - 5:00 p.m.  
E.C. LOWE TOM BROWN  
District Agriculturalist Asst. Dist. Agriculturalist  
In Drayton Valley Wednesdays at Sekura Auctions  
From 1:00 p.m. to 4:00 p.m.

The recent signing of the federal - provincial Small Farm Development Program by Alberta's agricultural minister, Hon. Hugh Horner, gives added impetus to his department's family farm development plans. Alberta is the first province to enter into an agreement with the federal government which gives special attention to the family farm unit.

The core of the agreement centers around the purchase and transfer of land. Its goals are to develop more economically-viable family farms; to help owners of uneconomical units to recover their equity in these holdings and to prepare for other pursuits; and to remove land with a low production capability from agriculture by transferring it to other uses. The agreement also provides for farm management services, rural development counselling and special credit assistance.

Under the agreement the federal government will purchase uneconomical farm units from owners who want to leave the farm. This land will then be available for resale by direct purchase or through special credit facilities to other farmers who want to become viable commercial-farm operators.

To be eligible to sell his holding under this program, the principal occupation of the small farmer must be operating an uneconomical farm unit, which has a land and building value of not more than \$30,000. Although he must sell all the farm land, arrangements can be made for him to retain the

farm home and a small area of surrounding land.

The agreement also provides for the federal government to give a once-in-a-life time grant to the small farm operator who wants to sell out under the program. The minimum grant will be \$1,500 on the lowest value farm and will go up to a maximum of \$3,500 on a \$30,000 farm. Both the grant and the proceeds from the sale of the farm may be taken in cash or in the form of an interest - bearing annuity, payable on a monthly basis.

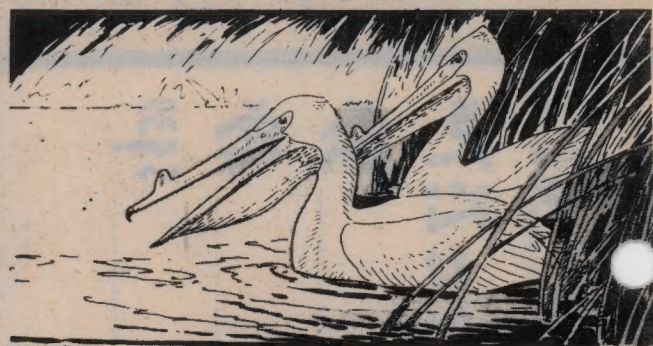

Potential purchasers who are eligible for credit assistance under the small farm program will be able to get special long-term mortgages through the federal Farm Credit Corporation. This form of credit will be in addition to the Corporation's regular credit service. Purchasers will also be able to get credit through the recently established provincial Agricultural Development Corporation. In addition to being available for purchasing land, agricultural machinery and livestock, this credit can be used for purchasing, constructing, altering or repairing buildings; land improvements; liability consolidation, operating capital and almost any purpose that will improve the economic position of the farm. The Agricultural Development Corporation will also be involved in land transfer.

To be eligible for this special credit assistance, the assets of the potential borrower cannot exceed \$60,000, and he must be prepared to purchase enough additional land and to supply sufficient labor, capital and management to make his unit into a viable commercial farm. Providing he meets these requirements, the son of a farmer who is selling out under the program will be given the first opportunity to buy the farm.

Although it will take some time for all the operational details of the Small Farm Development Program to be worked out, most aspects of it should be underway by September.

Further information can be obtained from Farm Credit Corporation offices and district agriculturalists.

## MARSH WORLD by ANGUS SHORTT Ducks Unlimited

**WHITE PELICAN** - Big and striking, this pelican nests on the ground in close-packed colonies on rocky islands or headlands in lakes. With a wing span of over 8 feet and weighing from 15 to 20 pounds it is one of our largest birds. They frequently come into larger marshes in pursuit of small fish. Groups may be seen fishing together, using their enormous bills as dip-nets. In Canada confined to the prairie provinces where it ranges north to the Athabasca Delta in Alberta.

93 - '72

## Tomahawk News

Seven ladies met at Dorothy Wedman's July 27 for a Ladies Aid meeting. The ladies had a lively discussion on "Peace with Oneself". Thanks go to Hilda Zander and Joyce Pischke for cleaning the church for June and Ann Pischke and Bonnie Jobs for cleaning in July.

Henry Rabe and his mother drove to Kelowna, B.C. July 20 and stayed with relatives. On July 22 they attended the wedding of Mrs. Rabe's niece at Winfield. Henry was one of the best men at his cousin's wedding. Mrs. Rabe says they enjoyed the trip as they got to visit with many people they haven't seen for some time. They returned the following Monday.

Stony Plain ladies made a return trip to Tomahawk to play the third Parkland trophy game. Tomahawk ladies were defeated giving Stony Plain two out of three

wins for the Parkland trophy.

Alma and Rudolph Reich, and Herman and Adele Stienke left on holidays July 15. They toured through Jasper, Prince George and south to Vernon, B.C. Alma and Rudolph returned via the Yellowhead after one week's holiday while Herman and Adele stayed for two weeks.

Visitors to the Chymycz family recently were Ted's parents from Saskatchewan.

Brian Lukaniuk and his guitar left on July 28 to attend the "Musical Festival" at the University of Calgary July 29 and 30.

The Beavers played their first Parkland Play-off game Thursday, July 27 at Tomahawk against Wabamun. Tomahawk won 20 to 18. Their next game will be at Spruce Grove August.

# Summary Regular Meeting Parkland School Committee

Regular meeting of the School Committee of the County of Parkland No. 31 held in the county office on Tuesday, July 18. Minutes as recorded by the secretary-treasurer but not officially adopted by the School Committee.

Present were Messrs. George Mann, Ivan Vowk, R. A. Bailey, Peter Bakker, J. W. Fuhr, Maurice McCullagh, Mrs. A. C. Kritzing, and Mrs. Amelia Clark, School Committee members, also Mr. M. Holman, Superintendent of Schools and Mr. A. W. Boychuk, Assistant Secretary-Treasurer.

It was moved and carried that the minutes of the last meeting be adopted as presented.

## DEBENTURE SURPLUS SPRUCE GROVE

It was moved and carried that: WHEREAS pursuant to By-Laws No. 3-69 and 1-70

passed on the 10th day of March 1969, and on the 12th day of January 1970, respectively the said County was authorized to borrow Seven Hundred Twelve Thousand Five Hundred (\$712,500.00) and Three Hundred Twenty-Nine Thousand Three Hundred (\$329,300.00) Dollars respectively; and

WHEREAS the aforesaid By-Laws No. 3-69 and 1-70 were approved by Orders No. 4147 and 4588 respectively of the Local Authorities Board, dated the 24th day of April 1969 and the 12th day of February 1970, respectively; and

WHEREAS the aforesaid debentures were sold and the said County received the sum of \$700,000.00 and \$200,000.00, respectively, as proceeds of the said sale; and

WHEREAS the projects described in the aforesaid By-Laws No. 3-69 and 1-70 were completed by the aforesaid County at a cost of \$880,308.54 leaving an unexpended balance of \$19,691.46; for the purpose of constructing the second addition to the Spruce Grove Upper Elementary and Junior High School for which By-Law No. 29-71 was passed;

NOW, THEREFORE, the County of Parkland No. 31 hereby resolves that;

1. The surplus debenture funds described above and in the amount of \$19,691.46 be expended on the present addition to the Spruce Grove Upper Elementary and Junior High School for which By-Law No. 29-71 was passed.

2. Application be made to the Local Authorities Board for required approval of the use of aforesaid surplus de-

benture funds.

## CARETAKERS' SALARIES

Mrs. A. C. Kritzing reported that the Committee met and perused the Maintenance Supervisor's proposal on Caretakers' salaries. However, the Committee wants more time to study the matter before making a recommendation to the School Committee.

It was moved and carried that the report on Caretakers' salaries be accepted.

## PROGRESS REPORT MERIDIAN HEIGHTS

The following report on the Meridian Heights School Site was presented to the School Committee:

Your committee has given careful consideration to acquiring a school site in Meridian Heights. We have agreed to recommend to School Committee a school site not be acquired at this time for the following reasons; excessive frontage costs, \$45,000.00; added structural costs due to poor soil conditions; and low school population, development of stage three not assured does not justify a new school.

The Committee at this time favors accommodation of these added students in our campus plan.

It was also felt we must wait for survey team report before making additions. E. P. Howery (Signed) Meridian Heights School Site Committee, E. P. Howery, Chairman, George Mann, Peter Bakker.

It was moved and carried that the report and recommendation of the Committee on the Meridian Heights School Site in Stony Plain be accepted.

It was moved and carried that the August School Committee Meetings be held on August 8th and August 22nd instead of August 1st and August 15th.

It was moved and carried that the request from the Frank Maddock High School Warriors basketball team for financial assistance to tour educational institutes in England be not entertained.

## CAPITAL EXPENDITURE-1972

It was moved and carried that the following 1972 capital items be paid for, out of Debenture Funds: Spruce Grove Addition, \$37,980.00; Winterburn-Waterline, \$30,000.00; and Winterburn-Addition, \$16,000.00.

## STAFF APPOINTMENTS

It was moved and carried that the following staff appointments be approved:-

Miss Vena L. Yee, Entwistle School, Grade 9; Mrs. Iris Tuftin, Drayton Valley Elementary, Grade 3; and Mr. Robert Smith, Spruce Grove Upper Elementary and Junior High, Grade 9.

It was moved and carried that the Superintendent's report be accepted.

It was moved and carried that the Drayton Valley teacherages be sold as follows in accordance with the recommendation of the Superintendent of School: - Teacherage No. 7 to Adrian Meier Real Estate for the sum of \$16,600.00; and Teacherage No. 4 to Adrian Meier Real Estate for the sum of \$9,100.00.

The meeting re-assembled after lunch at 1:30 p.m. with everybody present except Mrs. E.P. Howery, Mr. Cornelius Krabbe and Mr. L.N. Miller.

It was moved and carried that it be recommended to the Department of Education that the tender of Rendek Construction Limited in the amount of \$564,039.00 for the construction of the Brookwood Elementary School in Spruce Grove be accepted on the condition that a decision on the material for the gym floor be delayed.

## SPRUCE GROVE- STONY PLAIN ATTENDANCE AREA

Mr. M. Holman advised that most of the families that would be affected by the proposed attendance boundary change between Spruce Grove and Stony Plain have been contacted and the matter was explained to them. Each family was given a questionnaire to complete and submit to the County Office. When all the questionnaires are returned to the office the results will be compiled and made known. It is also planned to hold a public meeting for all those concerned.

Mrs. Amelia Clark reported briefly on the Brown teacherage in Entwistle. She advised that the teacherage is badly in need of eaves-troughs and that it should be thoroughly cleaned.

## PROGRESS REPORT

Mr. M. Holman reported that recently he attended a meeting of Town Council in Spruce Grove regarding a High School site. Presently the Town is prepared to offer to the School Committee a site consisting of about 16 acres for the sum of \$1.00. However, it is considered that the frontage charges on this site are still too high.

# July Experiences Little Hail

The extremely cool weather during the middle two weeks of July brought with it one consolation - very little hail. Although hail occurred on 9 days during the period 9 July to 22 July most of it was small and no serious damage was reported from the area between Edmonton and Calgary. Seeding was carried out on four days during this period when storms threatened to move into the primary target area between Red Deer and Calgary.

Severe hail activity broke out as the weather warmed up over the last weekend. On Saturday, 22 July, several echoes built up and moved southeast along the foothills. Some of these were seeded, but they did not move out and present a threat to the farmlands.

On Sunday, 23 July, some very large thunderheads began building over the foothills at lunch time with the radar detecting storm tops as high as 40,000 feet by mid-afternoon. Seeding of these cells was carried out almost continuously from 1:30 p.m. to 9:30 p.m. with the Cessna Skynight aircraft flying 3 missions, and the T-33 2 missions. A total of 245 cloud seeding flares were used during the day. All of the storms died out except one which persisted over Lime stone Mountain for several hours, and then moved off to the east through Sundre. Although this storm was heavily seeded, it produced very large hail up to golfball size and larger, and heavy damage in a swath several miles wide from west of Sundre to near Olds. The storm continued into the early hours of Monday and was still producing hail pea to grape size over to Elnora along with a spectacular display of lightning.

Monday, 24 July, was almost a repeat performance. Storms began to form in the foothills in the early afternoon and the Cessna aircraft commenced seeding at 3:20 p.m. Again only one cell persisted - this time southwest of Sundre. The

T-33 was called in to continue the seeding at 5 p.m. when the storm was very intense with tops up to 40,000 ft. At this time two Hail Studies trucks were collecting grape and walnut size hail in the foothills 10 miles west of Sundre. The storm then died out rapidly as it moved east and gave a small pocket of pea to grape size hail northwest of Sundre with not too much damage. The remnants continued northeast as a small rain area.

Another storm started forming 30 miles west of Cremona later in the evening, and both aircraft were sent into the area to seed from 8 p.m. until 9:15 p.m. This storm died out after sunset. During the day each aircraft flew two missions, made 25 seeding passes over developing cloud towers and dropped a total of 260 flares.

Excellent radar data, cloud photographs and precipitation records were obtained on these two major hail days. When all this information is analyzed in detail this winter, it should provide some clues on the feasibility of using the dropable flare technique for seeding incipient hailstorms in the foothills.

## NOTICE FEED GRAIN MARKETING INFORMATION EXCHANGE

Commencing August 1st, 1972, the Alberta Grain Commission will begin operation of an Alberta Feed Grain Marketing Information Exchange. The Exchange will provide a communications channel between sellers and buyers, and will consist of a co-ordinating centre at Calgary and stations throughout the province with the following telephone numbers:

Stations:	Lethbridge	328-7721	Vermilion	853-3313
	Calgary	269-1351	Edmonton	435-9841
	Red Deer	346-2043	Fairview	835-2228

Before calling the nearest station both the prospective seller and buyer should be prepared to supply the following information: kind of grain, bushels available or required, test weight per bushel and the moisture content of the grain. The station passes the information to all local potential buyers and if necessary, to buyers in other districts. The exchange is not responsible for any further arrangements once initial contact has been made between the two parties.

J. Channon, Chairman  
Alberta Grain Commission  
2nd Floor,  
Agriculture Building, Edmonton

## Fallis News

Happy birthday wishes are extended to Mrs. Iris Wilkie who had her birthday on August 3, to Bob McCulloch who had his on August 1, and to Mrs. Linda Magerison who will be having hers on August 19.

It is reported that Bonnie Magerison had a very enjoyable trip to Quebec and back.

Bonnie and Vernon went to Klondike Days on opening day, July 20.

Elsie Veitch and Linda and Laurie Magerison were recent visitors at the home of Mr. and Mrs. McCulloch. Mr. and Mrs. G. Gunther and family also had visitors at their home recently.

Bingo was held in the Fallis Community Hall on Friday, July 21, with a large crowd in attendance. The regular jackpot of \$130 was won by Pat Orchison of Edmonton, Iris Wilkie of Fallis, and Freida Hardman of Fallis. Each received \$43.35. Because the bonus jackpot was not won, the next bonus jackpot will be \$25, to be won after 54 calls, and the regular jackpot will be \$100 to be won in the first five numbers on any game other than share-the-wealth, which is played after the regular games. The next bingo will be on August 4, starting at 8 p.m.

Deepest sympathy from the district is extended to the family of Bill Steffler who passed away recently. Funeral services were held

on Tuesday July 18 in Point Pleasant.

A Flea Market was held near the Fallis General Store on the afternoon of July 22.

Ira Woods from Peace River has been visiting some friends in the Fallis area recently. He visited Ernie Preston, Betty McDonald and the McCulloch family. Mr. Woods has not been to Fallis since 1946. We hope your stay here was a pleasant one.

Bobby Buchanan has been helping his father at Buchanan's Service on the hill.

Mr. and Mrs. Roy Bradley and Bill Ignatowski of White Wood Sands Beach motored to Wabamun and to Fallis over the weekend then to Wildwood to pick up their television.

Mr. and Mrs. Bradley and their relations motored down to the Calgary Stampede, Jasper and Banff and returned to their home in Edmonton. They had their relations from Ironwood, Michigan, visiting them.

Mrs. Christ from Winterton recently visited her daughter and family of Fallis, Lil and Gordon Gunther and family.

Mr. and Mrs. McCulloch had their daughter and granddaughter, Ann and Melodee from Edson down on Sunday afternoon.

Rick Lubarski of Edmonton was in Fallis recently, visiting at the home of his grandparents and aunt.

## The Homemaker

Mrs. G. McDavid  
District Home Economist  
WRITE:  
Box 510  
Stony Plain

### WHERE IS JUDGING GOING?

Before planning any type of exhibition or competition, you must decide who you are appealing to -- teens to thirty, thirty to fifty, over fifty, men, women or children, young homemakers, 50 exhibitors or 2000 viewers.

Have you ever analyzed the "who"? It is impossible to satisfy all groups and ages so usually we must go a little to the right or the left to get the people we want.

Sometimes we have established the "who" but we fail to change the group we attempt to reach. For example, for years now, we have attempted to reach the exhibitor and we have had great success. Handicrafts and culinary arts have improved vastly over the years, but there are other contemporary ideas and activities that relate to the needs of today's homemakers which should be taken into consideration.

It frequently is difficult to realize change to the country fair but you will find it extremely refreshing. So will the community. Change can come slowly -- you can add

a feature this year and gradually reduce the number of competition classes. Or all competition classes can be deleted and an entirely new approach taken.

The Lethbridge Exhibition deleted all competition classes in 1969 and reportedly with no regret. In fact, they feel the success has been reflected throughout all exhibits at the exhibition. The prize money is distributed to chosen groups, which may change yearly, for displays and demonstrations of crafts, food products, etc.

At the moment, grants for B and C fairs represent 75% for prize money, 50% for display expenses. Grants for fairs below C are usually negotiable but range around \$125 to \$150. The policy is presently contained in an Act which they hope to change to a regulation at the next parliamentary sitting so that it would become more flexible. It sounds like eventually the government plans to grant funds only for exhibit, not competition.

How do you go about developing something new or different?

First of all, you get some enthusiastic, really keen new people on fair committees. Get representation from several groups and agencies in your community.

Second, start planning for next year's homemakers' section right after this year's fair is finished. You will have more time to explore program ideas. If you want new displays developed by various groups, government departments, etc., remember that budgets are usually developed the preceding year. Also it is easier for your committee to negotiate funds from the fair board if you start early.

When setting up your exhibition to feature an idea or theme, explore all possible dimensions. For example, consider didactic displays (illustrative, step-by-step procedure), visual aids, such as slides and movies, demonstrations, information centres and competition. If possible try to find a way to involve the viewer such as by providing them with the opportunity to try some thing right then and there. For example, if you are featuring textile printing, set up a table for block printing, provide the blocks, the inks, fabric and supervision and let the viewers do the work.

You may decide to say goodbye to Aunt Jane's apple pie, strawberry jam and canned peas. Her pie may be yummy and her peas supreme, but only Uncle Fred has the joy of eating them! FLOWER & HANDICRAFT SHOW - 1972.

Just a reminder about the Flower and Handicraft Show planned this year for Thursday, August 17. The category lists are now available and can be obtained from Parkland Regional Recreation office, 777-2211 or from the District Home Economist, 777-2231.

## Purpose of the Agricultural Development Act Defined

The overall purpose of the Alberta Agricultural Development Act is to preserve the family farm and to enable it to provide the family with a reasonable standard of living. It replaces the Alberta Farm Purchase Credit Act.

The new act makes credit available to farmers for a much broader range of needs, and extends credit to businesses associated with agriculture and to agricultural industries. Loans can now be obtained for such things as buying land, agricultural machinery and livestock; buying, constructing, altering or repairing buildings; land improvement purposes; consolidating liabilities, providing adequate operating capital and for almost any purpose that will improve the economics position of the family farm.

A corporation, known as the Alberta Agricultural Development Corporation, has been set up to facilitate the distribution of credit under the new act. It has a board of directors and a revolving fund of \$27,000,000 which will be built up to \$50,000,000 over the next few years.

The Corporation has the authority to guarantee loans from commercial lending agencies when a borrower lacks sufficient assets to qualify for a loan. It can also hold or dispose of land for the purpose of farm consolidation, establishing community pastures, with drawing land from agricultural use or any other purpose

Al-Anon helps you to learn about and to understand the suffering and practicing alcoholic. If you are interested please feel welcome to attend our Al-Anon weekly meetings. For further information Phone 542-3268 or 542-2342.

### MOBILE FEED MILLING SERVICE

We will bring our new Mobile Feed Mill right to your farm and make all your feed for Cattle, Hogs and Poultry. We can make complete feed BETTER and for MUCH LESS MONEY than any other way. Before the yards get too soft, give us a call -- We are sure you will be glad you did. Astro Feed (Buck Lake) Ltd., Bob Stewart, Owner, Buck Lake, Ph. 388.2235.

NOTICE - For House Repairs, and Alterations, reasonable rates Phone 542-4785. 22tr

that in its opinion, advances the interests of agriculture.

The interest rate on loans obtained from the Corporation is expected to be 1 or 1 1/2 per cent above prime. The length of the loan depends upon the purpose for which it is borrowed and the return on the investment. In the case of farm land, the repayment period may be up to 40 years.

Prospective borrowers, and anyone who wants a guarantee for a commercial loan, should get a loan investigation form from their district agriculturist, county or municipal district office or special areas office. Upon receipt of this form, the Corporation will send a representative to evaluate the prospective borrower's situation and to assess his eligibility. Basically, these loans are intended for people who find it hard to get credit through normal lending

channels because of limited assets. Following the interview, the information will be forwarded to the Corporation board which has the final say regarding eligibility for loans.

In the near future the board will be receiving advice and assistance regarding these decisions and the operation of the overall lending program from agricultural development committees will be set up in all district agriculturist regions throughout the province. Each committee will consist of two farmers, a businessman, a municipal representative, a farm credit corporation official, a representative from the department of lands and forests and the district agriculturist for the area. The minister of agriculture is now receiving nominations for these committees and selections will be made shortly.

## Buck Creek News

Mr. Nels Frisa, former homesteader in this district, returned recently to visit. He left 36 years ago to make his home in Saskatchewan. Two of his buddies of those days still live here -- Krist Steffenson in Drayton Valley and Adolf Smestad at Buck Creek.

The Gordon Gillespies of Carnwood and Evelyn and Bill Roos visited the Bill Wheel home at Rimbey recently; also visiting were the George Gillespies and his mother, Mrs. Mary Gillespie of Nanaimo, B.C.

Evelyn and Bill Roos attended the wedding of Donna Elliott and Marv Macallister at Drayton Valley last Saturday.

The Ladies' Softball team lost to Buck Lake Tuesday, and won against Lindale Wednesday. The next game will be at Buck Lake on July 27.

Mr. Ernst Strupler of Switzerland spent 10 days visiting at the Leuthi home recently.

Bernice and Ken Thirsk and family had a rainy week's camping trip to Kelowna, B.C. Ken's sister, Mr. and

Mrs. Dumka of Calgary, spent several days visiting the Thirsk home last week.

Leanne and Art, Pam and Len Regenwetter left Friday to spend the weekend with Louie and his family at Kelowna, B.C. Kathy returned home with them.

Bonnie and Jack Freeman and daughter Stacey are living in the Sieben house. Jack will be working as a bee keeper for the rest of the summer.

Next bingo at the hall is on August 4 at 8 p.m.

Ruth's sister-in-law, now Mrs. Schreft, and Olive Prevere of Burns Lake, B.C. visited the Smestad home last week.

Elsie Pyzda, Phyllis, Keith and Uncle Lud were Edmonton visitors for Klondike days. The Pyzda family will return to Fort St. John.

Mrs. Al Bara and children went to Edmonton Thursday for Klondike days and spent the weekend with relatives.

Other local people attending K Days were the Gordon Steffensons, Walter Stecs, and Lawrence Lind families.

## Farmers Use Amitrole To Control Quackgrass

Reports reaching the weed control branch of the Alberta department of agriculture indicate that farmers in the Peace River area are switching from sodium chlorate to amitrole T to control quackgrass in their grass seed crops.

W. Lobay, head of the weed control branch, says that results of demonstrations carried out in the area have convinced farmers of the effectiveness of amitrole. In

addition to amitrole T being considerably cheaper than sodium chlorate, its adverse effect on the soil only lasts for about six months compared with three or four years in the case of sodium chlorate.

Amitrole and amitrole T have both been used for some time with good results on quackgrass in the Okanagan region of British Columbia. The rate used there is five pounds to the acre on quackgrass regrowth and quackgrass that is growing rapidly. Chemical treatment is followed by cultivation about three weeks later. The treated area is not sown to a crop for six months after the amitrole application.

## Keephills News

Mr. and Mrs. Lindsay Porter had their son Gerald Porter and family from Leduc, and visitors from California last week. The friends from California believed that this area was the highlight of their trip. They are not used to seeing such green foliage and trees in their state.

Curtis Raymond is at the lake with friends for a week.

Jacque Porter is visiting Glenda Peters at Jasper for a week.

Dannie Raymond came

## Burtonsville News

Sam Bailey had a brief visit from Mr. and Mrs. Mike Greco of Calgary on Sunday. Rita is Sam's niece.

Stanley MacDougall reports that Doris is recovering nicely from her operation and expects to be home this week.

Lil and Jim Bailey and Allan Charlet were in Stony Plain on Sunday helping Larry and Sylvia Bailey move to another home.

Marge Greanya and her children are home from a three-week vacation with Marge's parents in Saskatchewan.

Sympathy is extended from the district to Mrs. Lucy Hansen, who's mother, Mrs. Bennett passed away last week.

Mr. and Mrs. Pete Charlet from Sundance visited at the home of Adrian Charlet Sunday night.

Barry Henkel of Edmonton spent the weekend with his grandparents, the A. Charlets, and lent a hand with the haying.

If you've missed seeing the grader go by lately, it is because it is in the shop for repairs. Jim Bailey travels to Stony Plain every day to work on it.

Audrey Hansen and Elaine attended the Klondike Days' Parade in the city last Thursday.

Of 1,173 drownings, 360 or 30.7% were children under the age of fifteen. Males outnumbered females about 6 to 1.

down with chicken pox last week while visiting his grandparents at Pickardville.

Mr. and Mrs. G. Raymond, Elva Clark and daughters Laura and Susan are attending the Bible Camp at Sandy Lake this week; also Brenda Moonen and her two boys from Spruce Grove.

Several from this area were in Edmonton to see the parade last week.

## Berrymoor News

Karl Pischke spent a few days in hospital, but is home now and feeling better.

Henry Campbell and Mr. and Mrs. Geo. Martin were recent visitors at the camp where Muriel Campbell is employed as cook. This camp is in the area of the Elk River air strip.

Mr. and Mrs. Russell Gilchrist have Russell's brother and his family from Ontario visiting at their home.

Get well wishes to Mr. Al Givens, who is in an Edmonton hospital.

Mrs. Ruth Berry is in B.C. to visit with her brother and other relatives at Clearwater.

Mr. and Mrs. W. Joneson and Mr. and Mrs. Donald Martin took in the Klondike Days Sunday Promenade in downtown Edmonton July 23.

The Berrymoor Three B's Club had a meeting and clean up day at the Berrymoor Cemetery July 29th.

## Clean Your Dugouts Now

### CLEAN DUGOUTS NOW

Les Reid, head of the Alberta department of agriculture's engineering and home design branch, advises farmers who did not clean their dugouts in the spring to do so now.

Algae, weeds and leaves often cause an unpleasant taste and odor in the water, and can be responsible for pipes and filters in water systems becoming blocked. Algae are small rootless plants which give the water a greenish tinge when only a few are present. A heavy growth causes scum to form and increases the corrosiveness and toxicity of the water. A bluish tinge to the water indicates a very poisonous algae variety. This water should not be used until it has been treated and the bluish color has disappeared.

Decaying organic matter in a dugout or pond increases the acidity of the water which causes the iron in the soil to dissolve in the water. Various species of iron bacteria may damage plumbing fixtures and other metal. A brown slime in pipes and other fixtures is an indication that the bacteria are present. A chlorinator and activated carbon filter will reduce this problem when only a small amount of iron is present.

One pound of copper sulphate per 100,000 gallons of water will kill the algae and prevent further growth this year. It will not, however, dissolve the organic matter that is already in the pond

or dugout. This is the reason that dugouts and ponds should be treated early in the spring.

There are two methods of applying copper sulphate. The first is to put crystalline sulphate in a porous cloth bag (not burlap) and with two 100-foot cords, pull it back and forth across the surface of the water until all the chemical has dissolved and the whole water surface has been covered.

The second method is to dissolve powdered copper sulphate in warm water and spray the entire surface of the water. Since copper sulphate is very corrosive, the sprayer should be thoroughly cleaned afterwards.

If the pond or dugout has a lot of other aquatic weeds, including or excluding algae, diquat (Reglone A) should be used instead of copper sulphate. Half a gallon is the rate suggested for a standard dugout. If the water has a great many suspended silt particles, diquat will not have any effect on the weeds unless the water is first sprayed with 100 to 200 lbs. of powdered aluminum sulphate to settle out the silt particles. Water which has been treated with diquat should not be used for swimming nor drunk by animals or human beings for at least 24 hours.

CLASSIFIED AD!**

## PROPOSALS Solicited for a Study into the Environmental Effects of Timber Harvesting

The Hon. Allan A. Warrack, P.Ag., Minister of Lands and Forests, wishes to obtain an assessment of the environmental effects of timber harvesting as it is presently practised on forest lands in the Foothills Section of the Boreal Forest Region and in the East Slope Rockies Section of the Sub-Alpine Forest Region of Alberta.

There are three areas of concern, each deserving specific investigation and analysis as part of this study. The three are: (1) timber harvesting patterns and procedures, (2) reforestation methods and results, (3) road systems. Each of the three areas should be examined by persons qualified to assess the effect that forest land management practices are having on the long term productivity and use of the land for: timber production, watershed, wildlife and recreation. A final report containing the results of the study, with an assessment of present procedures and recommendations for improvement will be required by September 1, 1973.

The Government of Alberta is prepared to enter into a contract for the study with a group composed of qualified professionals with experience in timber production and forest economics, reforestation, watershed, wildlife and recreation; or with a consulting firm with access to such persons.

Proposals must be submitted by September 30, 1972 and anyone interested should contact the undersigned for further information.

R. G. Steele,  
Director of Forestry,  
Department of Lands and Forests,  
Natural Resources Building,  
Edmonton, Alberta.
